Letter from FISU Technical Committee	2
The Kitchen of Tournament	2
Result of 4'th day (Women)	3
Result of 5'th day (Men)	4

Saturday, last day of Playoff elimination of the teams to get to Semifinals for Men and Women are on the program on tomorrow together with Final games. Extremely hot weather was escorting this Playoff elimination and format of play which has been known from the beginning. Four games play for each team of today were remarkably exhausting and only the best teams could go on for tomorrow Semifinals.

Approaching to the last day of championship we can see better performance and ball exchange for all remaining teams got Semifinals. Even some teams confirmed, that they are better matched and cooperative than at the beginning. Some players play with their partners for the first time and it needs real competition practice. Today competition proved and excellent resistance of weather conditions and preparation of all teams. We have seen a lot of excellent matches like women teams SVK – CZE 1; 0:2 or HKG –FRA 0:2 and in Men teams BRA 1- FRA 1; 2:1 or BRA 2 – POL 1 ; 0:2 following by a perfect sport presentation by OC announcer Alper KOÇAK and Rıza DARENDELİOĞLU. Athletes are competing to their "last breath" as we're saying in the sport terminology even if they need to bandage or taping their fetlocks, knees, shoulders etc. No one exchange is the same and teammates are fighting for their success with great spiking.

We talked with them about their secret of "how to organize this kind of big tournament as intactness like this"? So they answered this question; the most important thing is "to be experinced" for to organize big tournaments like this so they already had an important experience from two years ago European Universities Beach Volleyball tournament with the same group of team-mates, also they have big experience to organise International Sport & Science Congresses, so this answer explained us why they are good team like this...
